Serving Counters

CounterCraft
A Counter Revolution

Based out of Houston Texas, CounterCraft™ is the preferred provider of unique, food service systems for K-12, Universities, B&I, and Healthcare segments alike. CounterCraft™ prides itself by providing the best in custom counters and serving systems. They do this by partnering with customers to satisfy needs and delivering solutions through superior products and services, helping reduce costs by building new products that provide solutions and by being the best and most innovative at what they do.

Expressions Serving Counters

Duke
Your Solutions Partner

Modular efficiencies, with a custom feel.

The Expressions serving line uses a modular body construction, while allowing all of the design and finish options of our custom serving line. Tile and fiberglass front panels along with solid surface tops and accents available. Many decor materials are available such as corian, granite, and tile, to name a few. LED lighting packages available (for food shields and front panels).
