

# Keep your kitchen spotless – and your costs low – with Scotch-Brite™ Scour Pads.

## Scotch-Brite™ Scour Pads and Sponges with POWER DOT Technology.

Unique power dot technology applied to three different scouring pads – to help you blast through tough baked-on or burnt-on soils faster and more effectively. This technology allows for quicker rinsing and minimizes trapped food particles, keeping the scouring pads cleaner longer.

### It's two pads in one!

**Low scratch** power dots cut through burnt-on and baked-on food faster with less visible scratching.

Proprietary hexagon shape is a better fit in your hand, and the extra corners help clean hard to reach areas.

Reverse side removes smaller food particles to finish the job and move on.

## Now there's a POWER DOT solution for every tough mess in your kitchen:

### NEW! Scotch-Brite™ Low Scratch Scour Pad 2000HEX

Helps maintain the appearance of delicate cooking surfaces and fixtures such as water faucets, drinking fountains and sinks.

### NEW! Scotch-Brite™ Low Scratch Scour Sponge 3000HEX

Great for countertops, fixtures, baseboards and water fountains. Tough on soils – easy on surfaces.

### Scotch-Brite™ Dual Purpose Scour Pad 96HEX

The original! Ideal for baked-on foods in pots and pans, casserole dishes and other aluminum surfaces.

## Experience the POWER DOT difference!

The HEX family of scouring pads and sponges offers four unique products, each designed to help you take on a different cleaning task.

PRODUCT #	NAME	DESCRIPTION	PAD SIZE	QUANTITY PER CASE	PART NUMBERS
